### Activities Update

When the Board met to consider the effects of COVID-19 on our activities we were aware that most of our activities involve close quarter contact and, in an abundance of caution, cancelled numerous activities through the end of the club year. The actions of state and local governments have now superseded our actions. It remains the great hope of the current board that we will be able to have an end of year **Meef & Greet** but any decision to do so will be made at a later date. Be Safe.

President – 2019 - 2020
